## Tips

---

- Contribute some ;)

## Contributing

---

Found an awesome package, article, blog, video etc.? Send me a pull request! Just follow the guidelines

### Guidelines

- Make sure what you are adding is not already on the list

- Make a separate pull request for each addition
- Use the format: \* [Name](Link) - Description if needed
- Add it to the bottom of the section, not top or middle
- Check your spelling and grammar
- Feel free to create or improve a category
- Make sure there is no trailing whitespace
- Last, Make sure it is awesome!
